

Idaho 12ers Wall Plaque

Commemorate your hard earned achievement of successfully summing all nine of Idaho's 12er's with this beautiful solid wood wall plaque.

Plaque shown in pictures made from solid birch.

Dimensions

- 31 inches wide
- 34 inches tall
- ¾ inch thick

Made from solid wood.
Options outlined on next page.

Mountains and all lettering are engraved and stained into the wood plaque.

Nine 4 x 6 glass covered picture frames for summit photos.

Optional Borah Peak replica benchmark inserted between Borah and Leatherman.

The space taken by the Borah Peak benchmark can be replaced with an engraving of the State of Idaho or your name.

My name is Alan Southern and I am an 8th grade Earth Science teacher in Blackfoot, Idaho. After reaching the summit of my last Idaho 12er in August of 2016, I began working with Mason Sandow, a very talented and award winning wood worker in Blackfoot, to design and create a wood wall plaque to commemorate the memories of this bucket-list achievement. The end result was an impressive work that exceeded my expectations.

The cost of the wall plaque is \$340.00. This does not include the Borah Peak benchmark which would add \$50.00 to the cost of the plaque. State of Idaho or name engraving would not add to final cost of the plaque. (If you already own a replica benchmark, there would be no extra cost)

Buyer would also be responsible for shipping costs or make arrangements for pick up.

Three weeks estimated for time needed for production of a wall plaque once an order is placed.

Wood options available include

Alder

Birch

Cherry

Hickory

Maple

Red Oak

If you have any questions or are interested in ordering an Idaho 12er's wall plaque, please contact me by phone, text, or e-mail.
